Okolona, Miss.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

IT ISN'T FAIR THAT'S ALL!

To Your Family—To Your Friends—To Yourself—Going Around Half Sick

Take Care of Your Health.

If Your Blood Is Weak and Clogged with Poisons, Pepto-Mangan Will Strengthen and Purify It

When you get over-tired day after day, your system has to get rid of so much waste it can't create new energy fast enough. The result is that your blood is filled with waste matter. It becomes clogged. You are trying to get around with a lot of poison in your system.

You look bad, you feel poorly. You get out of patience easily. Ambition is lost. You just don't care about anything.

That is no way to live. Your blood needs help for a time. It is starved. You will find help in that fine tonic, Pepto-Mangan. Pepto-Mangan purifies the blood and fills it with red corpuscles. In a little while you'll have plenty of rich, red blood and you won't know yourself. It isn't a magic medicine. It contains iron and other ingredients that feed starved blood and make it rich and red. Physicians have prescribed Pepto-Mangan for years.

Pepto-Mangan is sold in liquid and tablet form. Take either kind you prefer. One acts same as the other. Both contain the same ingredients. But be sure to get the genuine Pepto-Mangan—"Gude's" The full name, "Gude's Pepto-Mangan," should be on the package.

BAPTIST CHURCH

Sunday, December 12th, 1920

9:45 A. M.—Sunday School
11:00 A. M.—Sermon by Pastor
7:00 P. M.—Sermon by Pastor
The public is invited to attend all of these services and enjoy the splendid music that the choir will furnish at each service.
W. A. Gaugh, Pastor.

Lanier Club

Mrs. Walter Smith entertained the Lanier Club Wed., Dec. 1st. Seventeen members were present. Mrs. L. L. Hodges a former and very efficient member, who for the past few years has lived in S. C., was present and to the gratification of the entire membership announced her intention of working with the class for the remainder of the year. The chief business transaction of this meeting was a liberal pledge to the Tuberculosis Christmas Seal Sale. The lesson "Problems of National Finance, and The Monroe Doctrine in later American History" with round table discussion of these. A lovely fruit course was served by the hostess.

"Blue Nose."

Blue Nose is a popular name for a native of Nova Scotia. Halliburton, in "Sam Slick," gives the following account of its origin: "Pray, sir," said one of my fellow passengers, 'can you tell me why the Nova Scotians are called Blue Noses?' 'It is the name of a potato,' said I, 'which they produce in the greatest perfection, and boast to be the best in the world. The Americans have in consequence given them the nickname 'Blue Noses.'"

CLYDE BRUCE AITCHISON

Clyde Bruce Aitchison, upon whom the interstate commerce commission have laid the burden of dealing with the transportation problem and disentangling of the costly snarl.

Birthplaces of Presidents.

With three exceptions, every President of the United States has been cradled on a farm or in a small town. The exceptions were Andrew Jackson, who was born at Raleigh, N. C.; Theodore Roosevelt, who first saw the light in New York city, and William H. Taft, whose birthplace was Cincinnati.

Languages Spoken in Hawaii.

Hawaiian, English, Japanese, Portuguese, Filipino, Korean, Porto Rican and two or more Chinese dialects are spoken in the Hawaiian Islands. English is taught in all the public schools, but it is thought that Japanese is spoken by the majority of the people.

A Change.

"Do you think there is a chance that the ex-kaiser will be brought to trial?"

"Yes," answered Miss Cayenne; "he may yet get into court if he keeps having trouble with his landlords."

Tussah Silk—And Your Telephone

"Telephone Supplies" are commonly supposed to consist principally of things made of copper, lead, iron or wood.

Yet the fact is that the upkeep of the telephone exchange can hardly be carried on a single day without the use of repair parts containing many other materials—less common, perhaps, but just as important to the service. Only a few of these other materials are listed below—with the percentage of the increase in their cost since 1914—

Antimony, 68%; Sheet and Rod Brass, 80%; Insulating Paper, 111%; Crude Para Rubber, 30%; Spun and Tussah Silk, 300 to 400%; Linen Thread, 182%; Tinsel, 157%; Fine Cotton Yarn, 290%; Clay Conduit, 134%; Creosoted Wooden Conduit, 111%; Pig Tin, 103%; Sheet Fibre, 133%; Glass Insulators, 99%; Dry Batteries, 105%—

These are just a few of the reasons, Mr. Subscriber, why telephone service cannot be manufactured now and sold for the rates extant in 1914—

"At Your Service"

Southern Tel. & Tel. Company,
Okolona, Miss.
